

Flush Mounted Storybook Albums – offering you the latest thing in albums. You choose the main pictures you want in your album – then I design the finished pages for your approval prior to printing.

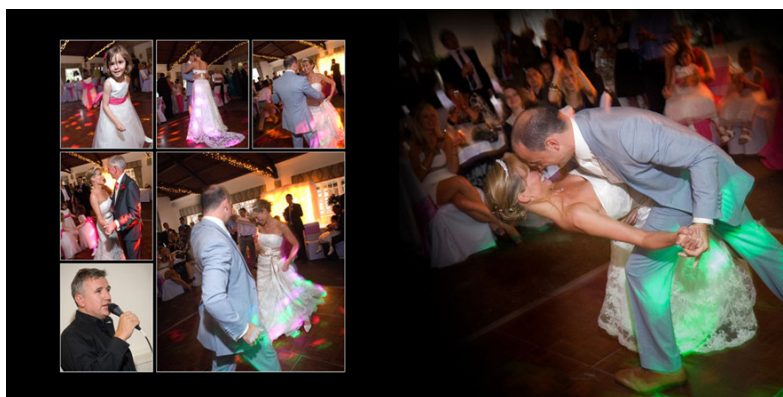

But instead of mounting a photo print into an album, the finished pages are bound into a book finish and supplied boxed, with a choice of Black, White or Champagne cover.

These albums are available in several different sizes. For example, a 10" x 10" album (15 pages) of this style is available to you at £350* and comes complete in a presentation box, with your choice of Champagne, Black or White cover.

These albums are available with more pages and in larger sizes – we will normally accommodate around 100 images of various sizes in a standard 30 side album.

* Prices shown are 2011 prices based. Prices may change in line with supplier increases.
